Blog: <http://blog.canpan.info/yoheisasakawa/>

Twitter: @SasakawaYohei

Yohei Sasakawa, born in Tokyo on January 8, 1939, is Chairman of The Nippon Foundation, a private, non-profit foundation established in 1962 for the purpose of carrying out philanthropic activities, using revenue from motorboat racing.

After 20 years in the business sector, Sasakawa joined The Nippon Foundation in 1981. Sasakawa is known for bringing an entrepreneurial spirit to his work with entities from the political, governmental, academic, and private sectors in addressing issues in such diverse areas as health, education, food security, and maritime safety.

His global fight against leprosy and its accompanying stigma and social discrimination is an issue to which he has remained highly committed for more than 40 years.

### **Professional Experience**

2005 - Present Chairman, The Nippon Foundation

1989 - 2005 President, The Nippon Foundation

1988 - 1989 Acting President, The Nippon Foundation

1981 - 1988 Trustee, The Nippon Foundation

### **Official Appointments**

Special Envoy of the Government of Japan for National Reconciliation in Myanmar [2013 - Present]

Goodwill Ambassador for the Welfare of the National Races in Myanmar

(Appointed by the Minister of Foreign Affairs of Japan) [2012 - Present]

Goodwill Ambassador for the Human Rights of Persons Affected by Leprosy

(Appointed by the Minister of Foreign Affairs of Japan) [2007 - Present]

World Health Organization Goodwill Ambassador for Leprosy Elimination [2001 - Present]

## Initiatives taken by Yohei Sasakawa

### ●2019

Launched various projects to address marine litter under the CHANGE FOR THE BLUE initiative. The Nippon Foundation partnered with governments, academia and major corporations to engage in various initiatives such as research to better understand the mechanism of marine litter, nationwide beach cleaning campaigns to gain wider public awareness and support, as well as award ceremonies to recognize initiatives that use innovative solutions models to address marine litter.

Organized the second Global Coast Guard Summit with the Japan Coast Guard Agency in Tokyo. 84 coast guard agencies and organizations from around the world participated to find ways in which members could work together to address global challenges such as natural disasters, illegal unregulated unreported fishing, and illegal drugs and human trafficking.

Launched the 14th Global Appeal to end stigma and discrimination against persons affected by leprosy, endorsed by International Chamber of Commerce, from India.

In continuation to the National Leprosy Conference in Myanmar held in 2018, jointly hosted the National Leprosy Conference in Bangladesh with Prime Minister Sheikh Hasina, calling for Zero Leprosy by 2030 (zero disease, zero disability, and zero discrimination).

Held a ceremony to mark the completion of buildings for conflict-affected people in Kayin State and Mon State, Myanmar as part of the Second Rehabilitation Programme. At the request of the Myanmar side, the Third Rehabilitation Programme was launched, which includes construction of houses, schools, health care centers and other facilities with the support of the Ministry of Foreign Affairs of Japan. In this phase, 1,540 houses will be built, and altogether 4,440 houses and other facilities will be completed throughout all phases.

Together with Japanese government, directed the provision of support for the return of 3,000 refugees in Kachin State, Myanmar. This effort is enabling the construction of 512 houses, as well as guidance regarding hygiene, consultation on daily life, and agricultural training for farmers.

Provided a donation to BRAC, a non-governmental organization based in Bangladesh, for the construction of 50 learning centers in refugee camps in the Cox's Bazar district of Bangladesh.

### ●2018

Announced the launch of the CHANGE FOR THE BLUE project as a new, large-scale, nationwide initiative bringing together multiple stakeholders including private-sector entities, the government, and academic institutions to find and implement practical programs to address the problem of marine debris.

Launched the 13th Global Appeal to end stigma and discrimination against persons affected by leprosy, endorsed by Disabled Peoples' International, from New Delhi, India.

Held the National Leprosy Conference in Myanmar, attended by State Counsellor Aung San Suu Kyi, calling for an end to discrimination against persons affected by leprosy.

Signed the Myanmar Nationwide Ceasefire Agreement (NCA) between the Myanmar Government and two ethnic armed organizations as a witness and in the capacity of Special Envoy of the Government of Japan. As with the NCA signed in 2015, Japan was the only non-adjacent country invited to this signing ceremony and pledged continued support for the peace process.

Held the True Colours Festival, an arts festival featuring performances by artists with disabilities from 18 countries, in Singapore.

Held a ceremony to mark the completion of 460 schools built in cooperation with the Government of Myanmar. Begun in 2002, the school construction program in Myanmar has built 300 schools in Shan State, 100 schools in Rakhine State, and 60 schools in Ayeyarwady Region.

Opened The Nippon Foundation Para Arena, a dedicated para sports gymnasium in Odaiba, Tokyo, that will provide a training environment for athletes aiming to compete in the Tokyo 2020 Paralympic Games.

Held the first international conference in Asia dealing with human rights issues faced by persons with albinism, focusing on sub-Saharan Africa, in close collaboration with the United Nations Independent Expert on the enjoyment of human rights by persons with albinism.

#### ●2017

At a plenary meeting of the United Nations Ocean Conference, proposed that the United Nations establish an intergovernmental panel for comprehensive ocean governance.

Together with the Inter-Parliamentary Union (IPU), launched Global Appeal 2017, for the elimination of stigma and discrimination against persons affected by leprosy, from New Delhi, India.

Held a ceremony to mark the completion of buildings for conflict-affected people in southeast Myanmar as the part of the First Rehabilitation Programme, started in March 2016. Based on a further request from the Myanmar side, started the Second Rehabilitation Programme, which includes construction of houses, schools, health care centers and wells, in Kayin State and Mon State with the support of the Ministry of Foreign Affairs of Japan.

Signed a partnership agreement with the Tokyo Organising Committee of the Olympic and Paralympic Games for cooperation and coordination in the area of volunteer activities for the Tokyo 2020 Olympic and Paralympic Games.

#### ●2016

Jointly organized the International Symposium on Leprosy and Human Rights in the Vatican with the Pontifical Council for Health Care Workers and the Good Samaritan Foundation. The Symposium adopted and approved Conclusion and Recommendations calling for an end to stigma and discrimination against persons affected by leprosy.

Established The Nippon Foundation Ocean Innovation Consortium, a nationwide initiative that engages the industrial, academic, public, and private sectors with the aim of building human capacity in offshore development.

Completed a distribution program to provide food and humanitarian assistance in conflict-affected areas in Myanmar, reaching a total of approximately 500,000 people over five years.

Launched the Rehabilitation Program, with the support of the Ministry of Foreign Affairs of Japan and with the agreement of the Government of Myanmar, to build houses, schools, health clinics and other facilities for conflict-affected people in Myanmar. The program covers the region under the influence of the ethnic armed organizations that signed the Nationwide Ceasefire Agreement in 2015.

Launched the Seabed 2030, an initiative to map the world's ocean floor by the year 2030.

The Japan-China Sasakawa Medical Fellowship, established to promote mutual understanding and friendship between China and Japan in medicine and health care in 1987, marked its 30th anniversary and saw the number of fellows reach approximately 2,200.

●2015

Launched the Maritime Safety and Security Policy Program (MSP), one of the few programs to offer a master's degree in this field. This joint effort with the Japan International Cooperation Agency (JICA), National Graduate Institute for Policy Studies (GRIPS), and the Japan Coast Guard nurtures specialists in the field of maritime safety and security in Asia.

Established The Nippon Foundation Paralympic Support Center to strengthen the functions of national Para sports federations and to raise public awareness of paralympic movements, toward the 2020 Tokyo Paralympic Games and beyond.

Led the Japanese government delegation of election observers in the Myanmar General Election. Confirmed that the elections were held in a fair manner as a significant first step towards progress in democratization.

Signed the Myanmar Nationwide Ceasefire Agreement between the Myanmar Government and eight ethnic armed organizations as a witness and in the capacity of Special Envoy of the Government of Japan. Japan was the only non-adjacent country invited to this Signing Ceremony and pledged continued support for the peace process.

●2014

The number of Sasakawa Fellows from the International Maritime University (IMU) and the International Maritime Law Institute (IMLI) combined passed the 1,000 mark.

●2013

Appointed as Special Envoy of the Government of Japan for National Reconciliation in Myanmar. Assisted in promoting dialogue between the Government of Myanmar and ethnic armed organizations at their request.

●2012

Led the distribution of USD 3 million of food and medicine to conflict-affected people in inaccessible areas of Myanmar under the influence of ethnic armed organizations.

Initiated a series of regional international symposia on leprosy and human rights to raise awareness and enhance implementation of the UN resolution and accompanying Principles and Guidelines on elimination of discrimination against persons affected by leprosy and their family members. The first symposium was held in Rio de Janeiro, Brazil. Subsequent symposia were held in New Delhi (2012), in Addis Ababa, Ethiopia (2013), in Rabat, Morocco (2014) and concluded with the final symposium in Geneva (2015) incorporating a research report and recommendations by an International Working Group.

●2011

Conducted various relief work projects in the wake of the Great East Japan Earthquake and Tsunami including distribution of emergency aid supplies, support for nearly 700 volunteer groups working in affected areas, and a symposium where world-leading experts on radiation and health discussed the health risks for people in Fukushima. These initiatives were funded by both domestic and overseas public donations.

Initiated the Tokyo-Washington Dialog to develop bilateral policy proposals

●2010

Assisted the Japanese government in submitting a resolution on “elimination of discrimination against persons affected by leprosy and their family members” together with accompanying “Principles and Guidelines” to the UN Human Rights Council. The resolution was subsequently adopted by the UN General Assembly.

Established schools of prosthetics and orthotics in Indonesia and the Philippines

●2009

Launched ASEAN Secretariat - The Nippon Foundation Project on Leprosy and Human Dignity

●2008

As the Japanese Government’s Goodwill Ambassador for the Human Rights of Persons Affected by Leprosy, assisted the Japanese government in submitting to the UN Human Rights Council a draft resolution on “elimination of discrimination against persons affected by leprosy and their family members” by the UN Human Rights Council.

●2007

Established the Aids to Navigation Fund, a new initiative for the protection of the Malacca-Singapore Straits

●2006

Established the Sasakawa-India Leprosy Foundation in New Delhi

Launched the Global Appeal to End Stigma and Discrimination against Persons Affected by Leprosy

●2004

Launched the Traditional Medicine Project in Mongolia

●2000

Initiated The Nippon Foundation Fellowships for Asian Public Intellectuals (API Fellowships) in five countries in Asia

●1999

Established an international network of maritime universities

Provided pediatric medical assistance to victims of the Chernobyl Disaster

●1993

Chaired an international joint research program to develop an Arctic shipping route

●1987

Established the Sasakawa Medical Scholarship Program to train 2000 medical doctors from the People’s Republic of China.

Created the Sasakawa Young Leaders Fellowship Fund (SYLFF), a grant-in-aid program that has resulted in a network linking 69 major universities worldwide

●1986

Initiated the Sasakawa Global 2000 Program to enable African nations to achieve self-sufficiency in staple crop production
