

Chairman Yohei Sasakawa

Yohei Sasakawa is known for bringing an entrepreneurial spirit to his philanthropic work, in addressing a diverse range of areas including health, education, food security, peace building and maritime safety.

In addition to leading the Foundation, he also serves in a number of international and governmental roles, including:

- » Special Envoy of the Government of Japan for National Reconciliation in Myanmar
- » World Health Organization Goodwill Ambassador for Leprosy Elimination

# The Nippon Foundation by the Numbers

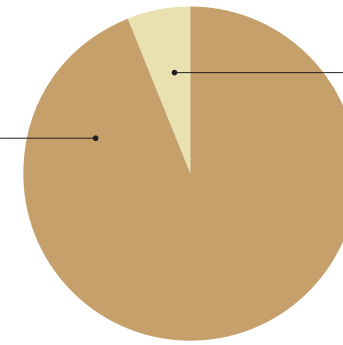

# Major Initiatives

The Nippon Foundation aims for a world where all can participate and contribute, creating innovative models, building capacity, and generating systemic change for a lasting impact.

**390**million  
USD

**Motorboat Racing revenue used for grants**

We received 3.1% of the racing intake to use for grants.

**21**million  
USD

**Revenue from donations**

Japan's donation culture is still developing, but we are working to change that.

\* for fiscal 2023. 1 USD = 150 JPY.

## International Efforts

10,000,000+

Sub-Saharan farmers trained in modern agricultural methods, to build famine resistance.

500,000+

Prosthetics built in Southeast Asia to help people with disability take an active role in the community.

122⇒1

Countries where leprosy is endemic. These have plummeted since the 1990s because of an initiative that we started.

90,000

Books on Japan donated to libraries around the world, raising awareness of this country.

45,000+

Recipients of scholarships and fellowships, who we are actively knitting into a global community.

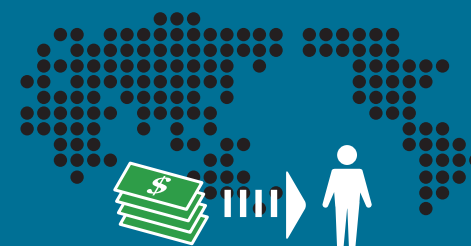

## Ocean and Maritime Work

Over 80%

Marine life forms yet to be discovered; we are surveying the oceans to identify all of them.

155 nationalities

We are addressing the global imbalance in maritime expertise through scholarships that reach all maritime nations.

5%⇒25%

Portion of the sea floor mapped with our support, to improve climate models and improve shipping safety. Our goal: 100% by 2030.

## Japan-Based Initiatives

40,000+

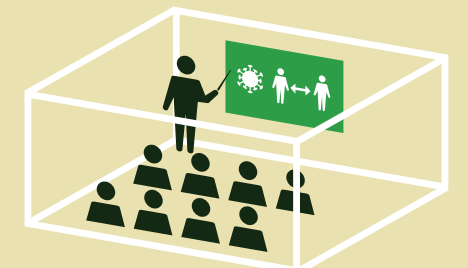

Mini-buses and wheelchair-capable vehicles donated nationwide to provide mobility for socially disadvantaged groups.

8,900,000

Annual visitors to our marine centers, where children take part in marine sports and learn about the sea.

150 million USD

Funding to build a Center for Infectious Disease Education and Research, part of our effort to prevent another pandemic.
